

Leading the WEIGH...

With Fast Reliable, Proven Service

For over seventy years, Greenville Scale Co., Inc.

has been dedicated to meeting the needs of the industrial community with professional sales and service of industrial scale equipment. As a local company, we give special attention to your needs and offer complete and reliable service from installation to preventive maintenance programs.

The Best Service

Our trucks are standing by to provide service twenty-four hours a day, seven days a week, for all brands and makes of industrial scale equipment and laboratory balances. Special rates are available for regularly scheduled preventive maintenance. Short-term rentals are also available for electronic weighing systems, including the most modern electronic counting scale systems.

Custom Programming

Our staff of programmers can assist in any application... from PC interfacing to complete software systems and networking.

Greenville Scale Co., Inc. is Accredited by the American Association of Laboratory Accreditation (A2LA) to provide calibration to meet your ISO/IEC 17025 requirements.

Factory Trained Technicians

Our team of factory trained specialists can assist you in choosing the right system for any type of weighing application as well as maintaining and repairing your present equipment. We have up-to-date technical equipment for servicing weighing systems both in our shop and in our fleet of service trucks. Also, we test and calibrate all makes and models of laboratory balances.

Let us know you what we can do for your business.
